Work experience

June 11 – Oct 11 **Front end developer/web designer at KCO.ie**
Working on design and development of websites and mobile apps for various clients, such as TV3's Apprentice, Dynamo, Gourmet Burger, DRG, Invesco and more. Design - creating original visual concepts for new sites and applications, creating graphics and images, both for new and existing sites and apps. Development – creating custom cross-browser Wordpress sites(using HTML5/CSS3, jQuery, PHP), creating the look and feel of cross-platform Mobile Web Apps (using CSS3 and jQuery Mobile), maintaining existing websites and custom CMS systems, mostly written in ASP.NET(using HTML5/CSS3, jQuery, C#, SQL).

Oct 10 – Dec 10: **Freelance web designer at Netaffinity.com**
Bringing their beautiful website designs to life by building them using HTML/CSS, jQuery/JavaScript, XML And Flash/ActionScript. Working with strict specifications, following the client signed off design to the pixel and making it cross-browser compatible for all major browsers, including IE6.

May 10 – Aug 10: **Web/Graphic design intern at EightyTwenty/Interactive**
Working in a creative design and marketing team, participating in projects for clients such as **Nokia, Avonmore milk, Bank of Ireland, APMC, Bord Gáis** and many more, using **HTML,CSS,Flash** animation and the rest of **Adobe CS** skills to help create and maintain **web sites, Facebook apps, ads and banners** working in a busy and demanding work environment and meeting strict dead-lines.
Helped building the recently renovated company website <http://eightytwenty.ie> .

Apr 10 – May 10: **Web/Graphic design intern at Ammodo.com**
Working in a design team, participating in generating and executing ideas for web and print advertising campaigns,as well working on ongoing website maintenance,earning invaluable experience and perfecting my professional and creative skills.

May 09-present: **Freelance graphic and web designer**
Working with several clients around the world I have achieved valuable work experience and solid knowledge of the main work tools - the **Adobe Creative Suite**: Photoshop, Illustrator, Flash, In-Design, knowledge and understanding of ActionScript and JavaScript, & proficiency in **HTML & CSS**.
Designing web pages, WAP apps for various cell phones, apps and games for **iPhone** that are

available for download on iTunes. Most of the projects I've been involved in also require strong drawing and illustration skills and involve a fair amount of animation and creation of original animated characters.

Feb 07- April 09: **Intel Electronics Israel.** Kyriat Gat, Israel
Intel Ireland. Collinstown, Leixlip, Kildare
Manufacturing Specialist/ Technician
 Working in a class 10 clean room environment in the C4 Lithography department responsible for install, qualification and training on a new technology process for Intel's new Fab in Israel. Daily planning meetings discussing maintenance schedules to the maintenance of various high-end robots and machinery, following individual specs and procedures, utilising the latest high-end analytical technologies, liaising with the engineering dept, troubleshooting and documenting any issue's as they arise. Relocated to Intel Ireland for peer training and certification on Intel's manufacturing process and technologies. Working closely with the engineering and vendor departments to ensure the transfer of Safety and Quality procedures and professional knowledge to Intel Israel.

Jan 06- Feb 07: **RDT Equipment & Systems** ltd. Tel-Aviv, Israel.
 Sales Coordinator
 Responsible for test and measurement equipment sales, market research, contacting potential customers in order to introduce them to new products, organising and coordinating meetings with sales representatives, organizing conferences for new product introduction. Issuing customer quotes and purchase orders. Liaising between customer and supply manager to ensure timely deliveries and customer satisfaction.

2001- present: **Free-lance translator** (part time, in addition to other positions held)
 I have been doing free lance translating in Hebrew, Russian and English as a part time job in addition to my main occupations. Registered as a freelancer with "Beatrice Translations" since June 2009, I have been interpreting for Irish government offices such as Equality tribunal, Social services and Health care, and translating written documents.

Interests and activities

In my free time I like to read design blogs and study new design related topics, listen to music, paint and draw, play guitar, read novels, travel, go to gigs and festivals, spend time with friends and family, go out and about, and just generally enjoy life :)
